315 Airlift Wing Alumni Associate Association Website

During the past years we have no longer been capable of sending the newsletter out to our membership individually. Membership numbers have increased considerably making this task no longer possible. If you are using a desk top computer, lap top, note book, tablet, or i-phone or smart phone, type in www.315awaalumniassoc.com. A menu will come up and at the top it will have 315awaalumniassoc.com – 315AW Alumni. Click it and our website will come up. If you just type in 315th Alumni Association it will also come up. Also keep in mind that things frequently change with time. If you're not on the internet and don't have a computer or cell, all of us find ourselves surrounded by i-phones every time we leave our home. They're everywhere you look. Our kids and gran kids have them. They are more than happy to pull our website up for you.

Beards

So far I have not seen any of our members with beards at our board meetings and luncheons. I had one member say he seen two of our guys with a beard at our last meeting. I always look our crowd over closely to see who we have present. I did see two of them looking like they forgot to shave and not meeting the requirements of 35-10. We see more guys every day on TV and out in the public sporting them. By this time someone will probably show up at Friday's luncheon with one.

Final Fly – Bye

Chief Mike Lehr passed this month at the age of 70 in Georgia. I have no further information at time and will get back with everyone in the next newsletter

The hour is getting late as I'm writing this so I need to sign off. I just wanted to be sure all of you know about the luncheon & Alumni Board meeting on Friday, 1 March 2019. There's a lot of news to catch up on and I will get right back to everyone after the weekend.

Looking forward to seeing everyone and drive safely.
